

Heads Or Tails Raffle

Warning: Belly laughing and hysterics possible.

Purchase a flashing pin tonight for \$20.00 (or 3 for \$50.00) for a chance to win a **Samsung 460 Series 4 LCD 32" television.**

Now that is a deal and maybe even a steal!

Get ready to watch your favorite entertainment and sporting events in HIGH DEF with this 32" HDTV with Wide Color Enhancer technology and SRS TruSurroundHD! The beauty of this HDTV is that it doesn't require a lot of space, but gives you that huge, HD resolution you crave. And, it has all the features you need in a size that will work in any room in your home.

You may purchase as many pins as you like, but a limit of three pins may be used for purposes of this game. Each pin you purchase (up to the limit of three) gives you the opportunity to play "Heads or Tails" immediately before the live auction begins.

The game works like this:

Our auctioneer will ask those that have purchased pins to stand. He will then ask the players to place their hand on their "head" or on their "tail" (their **own** head or their **own** tail). If the flip of the coin lands "heads" and a player's hand is on his or her head, they keep their blinking pin and remain standing and in the game. If the player's hand is on his or her tail, they must remove a blinking pin. Once a player loses all of their blinking pins (up to the limit of three per player), that player must sit down and is out of the game. The coin flip continues until the last person is standing, and **THEY ARE THE WINNER!**

In order to spread the love, only 3 pins per person may be used for the game. The more pins you buy, up to the three pins per player limit, the more chances you have to stay in the game!

Join the Fun — Buy your flashing pins now!
